STRENGTHS

Engaging Personality

Engaging communicator, can be persuasive, but always listen carefully.

Delivering Results

Focus on the key inputs and deliver them with the right quality and in a timely fashion.

Efficient

Relying on a mix of problem-solving and time-management skills

SUMMARY

I am a Senior DevOps Engineer with almost 5 years expirience in different kind of projects. I have carried out maintenance and develop CI\CD infrastructure, terraform code, Kubernetes cluster and etc. I am open-minded, result-oriented, and self-motivated. I believe my experience helps me to create suitable infrastructure and automate routine tasks which will give the best possible result for the project.
